8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and
specifications of your diversion or storage works.) Water to be diverted by the use
of pipes and irrigation ditches.

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.

9. Estimated cost of works \$10,000.00
10. Estimated time required to construct works 5 years
11. Estimated time required to complete the application to beneficial use 5 years
12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use. Improved crop and possible grain production in the irrigated areas will enhance wildlife habitat. Furthermore, this creek begins, and the vast majority of it ends on White Pine Lumber Company property, and therefore the proposed diversion and works should have no adverse effects on the neighboring properties. The Dam on Long valley Reservoir was completed prior to 1951.
